Indianapolis, IN 46204

PROJECT SUPERVISOR/ CONSTRUCTION INSPECTOR

HWC Engineering, voted one of Indiana's best places to work by the Indiana Chamber of Commerce, is looking for experienced project supervisors/construction inspectors throughout the state of Indiana to join our team. Multiple positions are available in the Indianapolis and Lafayette areas.

JOB RESPONSIBILITIES

- Serve the project owner as an on-site representative
- Maintain a daily report of construction inspection activities
- Complete financial administration duties of the contract, including creating, reviewing and/or approving project pay estimates and change orders and assisting the project owner with budget control
- Understand water, sanitary and stormwater infrastructure, construction methods, installation and testing
- Ensure the project is built according to the plans and specifications
- Examine finished installations to ensure conformity to standards
- Perform and/or observe asphalt, soils, concrete and other material testing
- Assist with the coordination of utility relocation efforts
- Serve as the liaison between the contractor and design firm
- Serve as the liaison between the project owner and the general public by attending or leading public meetings, addressing public concerns and/or assisting with travel detour routes and closure notices
- Host routine progress coordination and scheduling meetings as needed

MINIMUM REQUIREMENTS

- Bachelor's degree in construction management or engineering or a high school diploma with related work experience
- Five years of relevant, progressive experience in the civil engineering or construction management industry
- Knowledge and understanding of water/wastewater treatment facility operations and construction
- Strong written and oral communication skills
- Strong ability to work with a team

HOW TO APPLY

If you feel you are qualified and would like to be considered for this opportunity, please email your qualifications to hwcjobs@hwcengineering.com.
