ABOUT HWC ENGINEERING

HWC Engineering is a full service consulting engineering firm that provides water, wastewater, stormwater, transportation, inspection, site engineering, survey, landscape architecture and planning services to both the public and private sectors.

Founded in 1989 in Terre Haute, Indiana, HWC has additional offices in Indianapolis, Lafayette, Muncie and New Albany, allowing us to provide professional engineering services to clients throughout Indiana and the Midwest.

Recognized as one of Indiana's fastest growing engineering firms in recent years, HWC is home to some of the best professionals in the business.

MAIN OFFICE

135 N. Pennsylvania Street
Suite 2800
Indianapolis, IN 46204

PROJECT MANAGER/PLANNER

HWC Engineering is looking for a project manager/planner to join the Planning Group. This individual will be part of a multi-disciplinary team of professionals responsible for helping communities plan future quality of life and infrastructure investments.

The Planning Group is looking for a creative individual who has a passion for community development and experience in planning and infrastructure projects for cities and towns.

The Planning Group includes planners, landscape architects, engineers and economic development professionals who work collaboratively to plan solutions for cities and towns that blend urban design strategies with proven economic development principles and sound engineering.

JOB RESPONSIBILITIES

- Assist in preparing comprehensive plans, downtown revitalization plans, regional plans, park and recreation plans, and corridor plans
- Lead clients through a collaborative planning process
- Develop and lead public engagement strategies that gather community input
- Complete research and analysis to evaluate solutions
- Prepare maps and graphics to effectively communicate planning issues and opportunities
- Write concise summaries of planning topics
- Create action plans to help communities achieve their goals

MINIMUM REQUIREMENTS

- Bachelor's degree in planning, urban design, public policy, civil engineering, landscape architecture or a related field
- At least two years of professional experience
- Excellent graphic design and/or illustration skills
- Proficiency in the Adobe Creative Suite
- Experience with ArcGIS
- Excellent communication and writing skills
- AICP Certification a plus

HOW TO APPLY

If you feel you are qualified and would like to be considered for this opportunity, please email your qualifications to hwcjobs@hwcengineering.com.
