Indianapolis, IN 46204

PROJECT SUPERVISOR / PROJECT ENGINEER / CONSTRUCTION INSPECTOR

HWC Engineering, voted one of Indiana's best places to work by the Indiana Chamber of Commerce, is looking for experienced project supervisors/construction inspectors/project engineers throughout the State of Indiana to join our team for the 2019 construction season. Multiple positions are available in the Indianapolis, Bloomington (immediate opening), Muncie and New Albany areas.

JOB RESPONSIBILITIES

- Serve the project owner as an on-site representative
- Maintain a daily report of construction inspection activities
- Complete financial administration duties of the contract, including creating, reviewing and/or approving project pay estimates and change orders and assisting the project owner with budget control
- Ensure the project is built according to the plans and specifications
- Examine finished installations to ensure conformity to standards
- Perform and/or observe asphalt, soils, concrete and other material testing per INDOT standards
- Assist with the coordination of utility relocation efforts
- Serve as the liaison between the contractor and design firm
- Serve as the liaison between the project owner and the general public by attending or leading public meetings, addressing public concerns and/or assisting with travel detour routes and closure notices
- Host routine progress coordination and scheduling meetings as needed

MINIMUM REQUIREMENTS

- Bachelor's degree in construction management or engineering or a high school diploma with related work experience in transportation inspection
- Five years of relevant, progressive experience in the civil engineering or construction management industry for supervisor role; Two years of relevant experience in the civil engineering or construction management industry for inspector role
- Successful completion or actively seeking completion of the six INDOT Certified Technician exams
- Ability to travel up to 100 miles per day
- Strong written and oral communication skills
- Strong ability to work with a team

PREFERRED REQUIREMENTS

- SiteManager Proficiency Certification
- Up-to-date INDOT Independent Assurance written and field proficiencies
- INDOT Level I Stormwater Certification
- Previous experience working on INDOT LPA projects
